Worlds of Hope™

- De ware grondlegger van de burgerlijke maatschappij: dat was hij die als eerste een stuk grond omheinde, zich verstoutte te zeggen: 'Dit is van mij', en onnozelaars trof die hem geloofden. Hoeveel misdaden, oorlogen, moordpartijen, ellende en verschrikkingen zouden het mensengeslacht niet bespaard zijn gebleven, als iemand toen de palen had uitgerukt of de gracht had dichtgegooid, en zijn medemensen had toegeroepen: 'Luister niet naar deze bedrieger; jullie zijn verloren als jullie vergeten dat de vruchten van de aarde voor iedereen zijn en dat de aarde van niemand is.' (J.J. Rousseau)

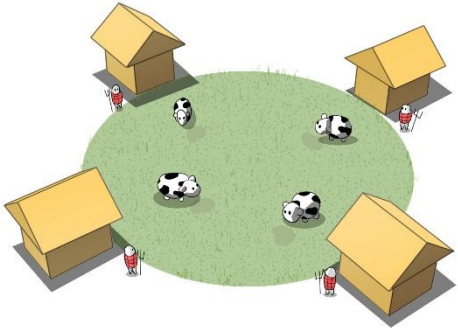

Wat is de 'meent'?

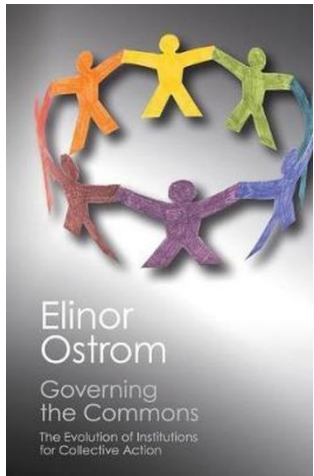

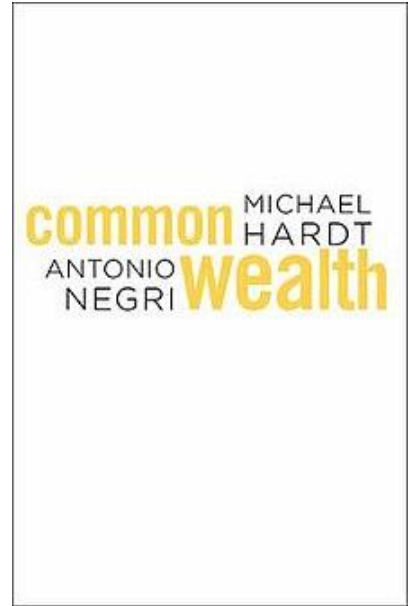

- Een gedeelde bron, waar iedereen gebruik van kon maken zonder dat het iemands eigendom was.
- *Enclosure of the commons* (vanaf 16^e eeuw)
 - 'Stille diefstal' (D. Bollier)
- *The law locks up the man or woman / Who steals the goose from off the common / But leaves the greater villain loose / Who steals the common from off the goose.*
- 'De geschiedenis van deze onteigening is in de annalen der mensheid geschreven met bloed en vuur.' (Marx, *Das Kapital*)

Heropleving van de meent

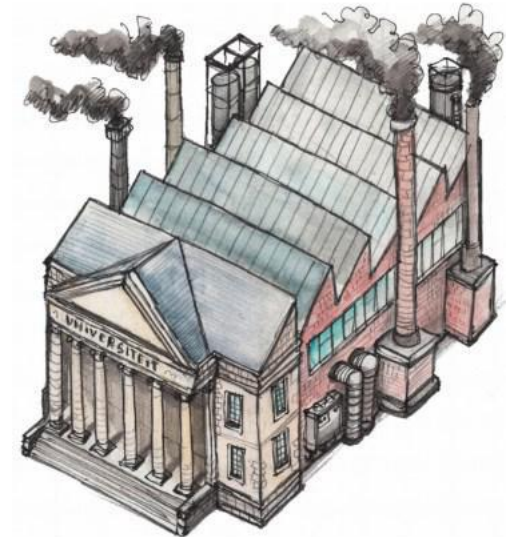

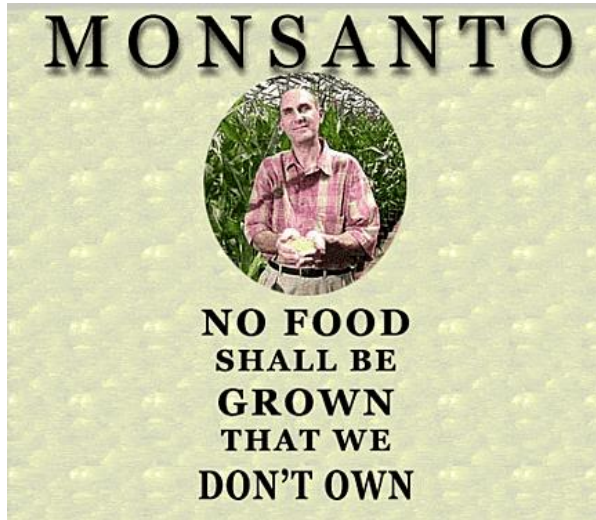

WIKIPEDIA

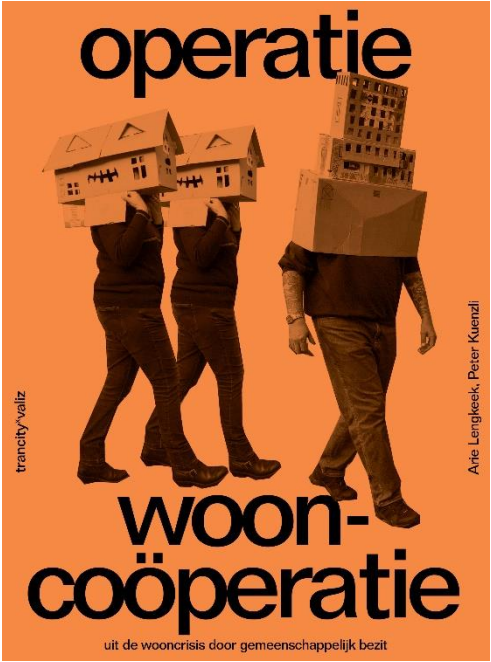

“Most generally, the commons refer to a broad set of resources, natural and cultural, that are shared by many people. Traditional examples of commons include forests, fisheries, or groundwater resources, but increasingly we see the term commons used for a broader set of domains, such as knowledge commons, digital commons, urban commons, health commons, cultural commons, etc.”
(IASC, International Association for the Study of the Commons, 2018)

‘Commoning’

- “To me, however, it is important to emphasize not only that enclosures happen all the time, but also that there is constant commoning.”
 - M. De Angelis

‘Gemeenzin’

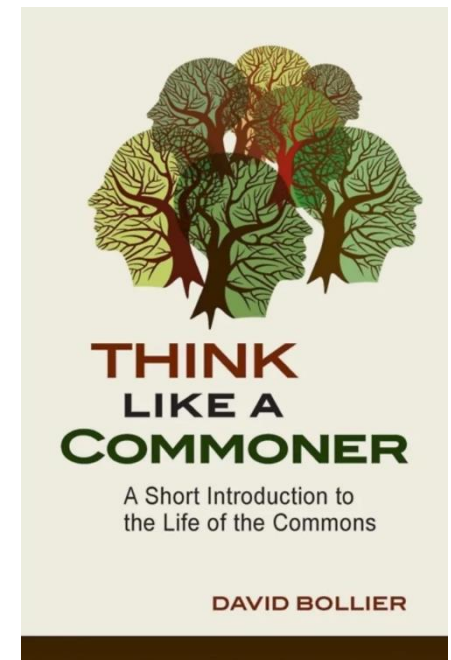

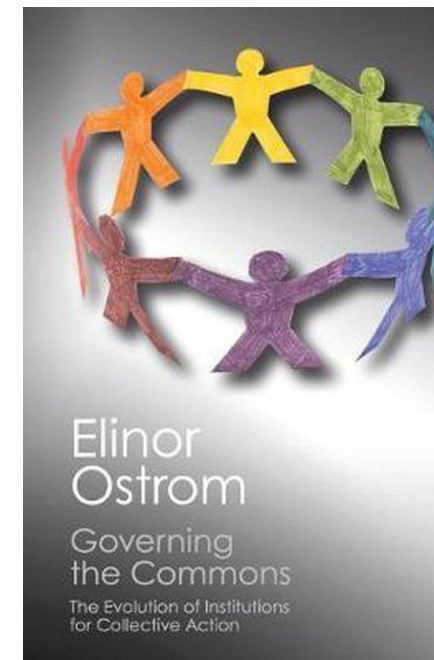

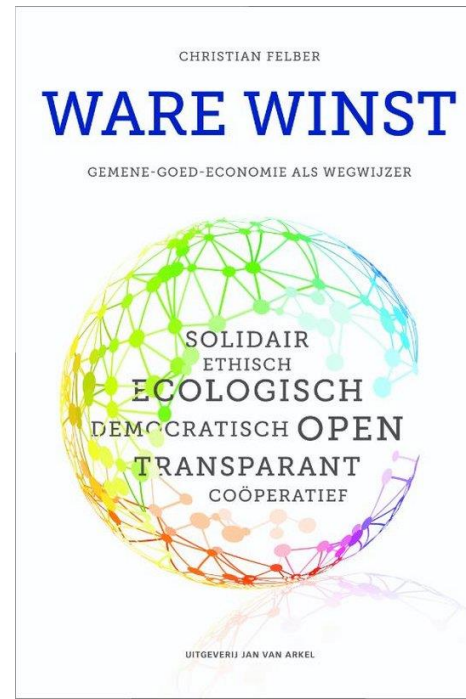

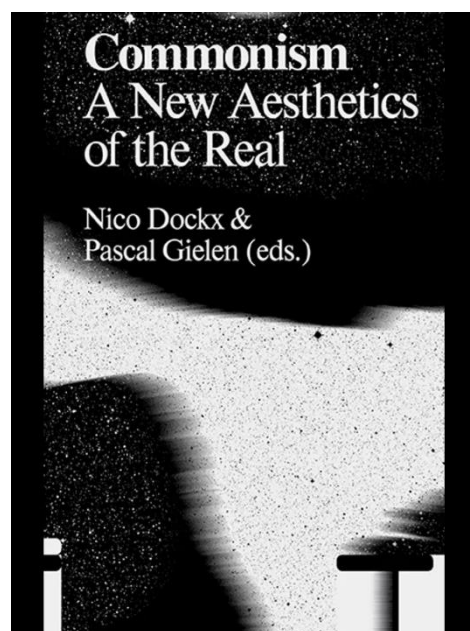

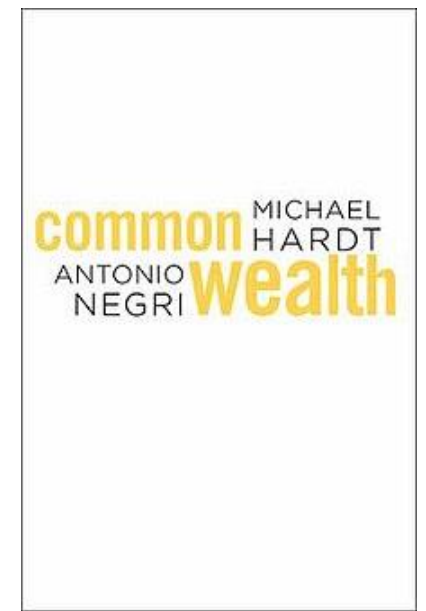

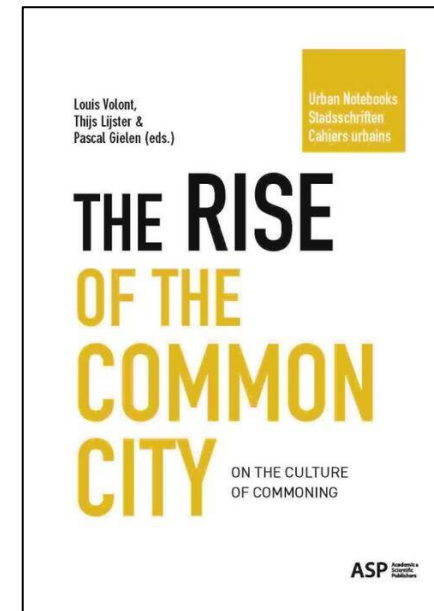

Uitdagingen/discussie

- Hoe te voorkomen dat de meenten een argument worden voor overheidsbezuinigingen? (*commons-fix*)
- Hoe te voorkomen dat de meenten de nieuwe schaamlap worden voor kapitalistische 'innovatie'? (*commons-washing*)
- Hoe te voorkomen dat meenten voorbehouden blijven aan de (gegoede) middenklasse worden? (*gated communities*)
